

We trade in seashells FREMANTLE LETS

QUITE SIMPLY WE WOULD LOVE YOU! TO BE INVOLVED

What is LETS?

It's a "Local Energy Trading System". We buy & sell in a LOCAL currency.

Fremantle LETS has a "seashell" currency.

LETS is often mistaken for bartering but it's better than bartering because there is a currency involved, and there's a network of members, so you don't have to find one person to trade directly with. You can make a one way transaction with anyone in the system. So it's closer to the regular \$ system than a barter system. And it's local, which means the COMMUNITY benefits.

CURRENT LIST OF SUBURBS ARE

Beaconsfield *** Beeliar *** Bibra Lake *** Bicton *** Coogee *** Coolbellup *** East Fremantle
Fremantle *** Hamilton Hill *** Hilton *** Kardinya *** Melville *** Mosman Park *** Munster
North Coogee ** North Fremantle *** O'Connor *** Palmyra *** Samson *** South Fremantle
